The Victory Motorcycle Club, Inc. was started by Victory owners, for Victory owners & enthusiasts, and is run completely by volunteers. That's right, volunteers. No shareholders, no paid staff, just members helping members. The VMC operates with a member-elected Board of Directors that consists of a President, Vice President, Secretary, Treasurer and at least two Representatives from each region. Although the VMC may be the largest organized group of Victory Motorcycle enthusiasts on the planet, because of its structure, each member has the opportunity to get involved in the future and direction of the club. As a member, you are eligible to be nominated for any of these positions, participate in the national elections, or just volunteer on the many committees or events that are a part of the Victory Motorcycle Club.

ABOUT US

The vision of the Victory Motorcycle Club (VMC) is to be the best source for Victory Motorcycle related information worldwide. It is our goal to ensure that anyone who owns or is interested in the Victory Motorcycle is informed of our existence. We want everyone to have the opportunity to participate with us and to share in the benefits of membership.

The Victory Motorcycle Club began in the fall of 1998 as a Yahoo® website and chat club. It allowed new and potential owners of Victory Motorcycles to meet online to discuss their new bikes and plan rides.

Today, the Victory Motorcycle Club, Inc. is a non-profit corporation, with over 2,500 active members in 10 worldwide regions. It continues to grow. Through our website, members and guests not only share and have access to the largest online resource of information about Victory Motorcycles, but also use this site to communicate with each other, plan rides, obtain technical advice, create local chapters, and much more.
